TWO LITTLE PAIRS OF BOOTS.

Two little pairs of boots to-night,
Before the fire are dry;
Two little pairs of tired feet
In the trouble-bed are lying;
The track they leave upon the floor
Makes me feel much like sighing.

These little boots with copper toe,
They run like lightning;
And oftentimes almost with
That they were miles away;
So tired I am to hear so out
Their heavy tramp at play.

They walk about the new plowed ground,
Where mud is plenty;
They pull it into patches round
And make it into pie;
And then at night upon the floor
In every shape it lies.

To-day I was disposed to scold;
But when I look to-night
At those little boots before the fire,
With those copper toes so bright,
I think how sad my heart would be
To part from them out of sight.

For in a trunk up stairs I've laid
Two socks of white and blue;
If called to put those boots away,
O God, what should I do
I mourn that they are not to-night
Three pairs instead of two.

I mourn because I thought how nice
My neighbor "cross the way,"
Could keep her carpets all the year
From getting worn and gray;
Yet well I know she'd smile to own
Some little boots to-day!

We mothers, weary get and worn,
Over our load of care;
But how we speak of those little ones
Let each of us beware;
For what would our firesides be to-night
If no little boots were there?

TRICHINE.—The *Scientific American* says: "The trichine excitement has died out—not so the trichine. Victims a la King Herod continue to be reported. Miss Lida Jordan, of Maine, Iowa, recently died of trichinosis, having eaten of diseased pork last spring. On post mortem examination, her flesh was found to be filled with the worms. "Hog cholera," as the disease is called in the animal is raging throughout Illinois and northern Kentucky, and defying all remedies. A Western carcase, apparently healthy and unusually fat, was examined in Oswego, a few days since, revealing millions of trichine in a mouthful (!) of fat, varying from atoms scarcely perceptible to worms two inches long. The *Palladium* describes them as of a greenish yellow color, resembling in shape a needle pointed at both ends. The practice of allowing swine to feed upon the flesh, offal and excrement of animals, is the source of the disease. The trichine egg never develops to a harmful stage while passing naturally through the intestines. It must be eaten, and thus harbored and nourished a second time, in order to reach its boring and destructive stage of growth. It is a penalty of confederate greed and filthiness in swine and their owners."

An amusing instance of a detective being closely watched by two of the same fraternity, has occurred at Worcester, England. A local journal says: "For several days Detectives Williams and Lamb were looking after a very respectable dressed man, whom they had particularly noticed hanging about the National Provincial Bank. The detectives' zeal was rewarded by seeing the stranger come out of the bank, tear up a letter, and then give a boy twopenny to pick up the fragments. The next day he was again watched, and the fact of his meeting a friend from London further excited the local detectives' suspicions, the latter imagining that the new comer had arrived to be 'put up' to something. Upon this the detectives had an interview with detective No. 1, whose credentials, odd enough, proved him to be a private detective from London, also looking after some one, and little thinking that his own movements had been so carefully watched, and himself under surveillance."

INHUMAN.—We learn that on Saturday last an infant was found hidden out in the bushes near the fuse factory of Mr. Thomas. The child, when found, was dead, and was supposed to have been placed where it was found for some days. It was wrapped up in some old clothes of the pattern usually worn by the Chinese, but whether the Chinese population of this place have arrived at that standard of Americanism we doubt, and should not be surprised if its parents never ate rice with chopsticks. No matter by whom it was done, the act was an inhuman, brutal one, and the perpetrators of the deed should, if found out, be severely punished.

SNOW at Cisco measures seven feet. This is at the railroad depot; at the town proper of Cisco the snow is some four feet. The average depth from Cisco to Crystal Peak is said to be eight feet. In places, the depth is much greater of course, but there is no difficulty now in making the entire trip across the mountains with ease and comfort.

SAD ACCIDENT.—On the 20th inst., Mrs. Wm. Blane was badly burned, while her child, some months old, was fatally injured. Mrs. B. was sleeping in a bed with her two small children, and a young lady, or large girl, and upon retiring, left a stick of wood burning, which was so long that it projected past the jamb. In the night the stick burnt out sufficiently far to ignite the paper with which the house is lined, and the flames immediately ran along the lining and reached the bed, which was soon in flames. Mrs. Blane was aroused by the fire, and seizing her oldest child, called the young lady, and sprang out of the house, supposing the girl would bring the babe. In her surprise and fright the girl failed to do this, when Mrs. B. sprang into the flames again and succeeded in rescuing the child, though not until she was badly burned herself. The child was so much injured that it died on the 21st instant.—*Delta*.

A colored woman at Richmond made this quaint but genuine prayer: "O Father Almighty, O sweet Jesus, most glorified King, will you be so pleased as to come this way and put your eye on these poor mourners. O sweet Jesus, ain't you de Daniel God? Didn't you deliver de tree chilum from de fiery furnace? Didn't you hear Josiah cry in de belly ub de whale? O, if dere be one seekin' mourner here dis afternoon, if dere be one sinkin' Peter, if dere be one weepin' Mary, if dere be one doubtin' Thomas, won't you be pleased to come and deliver 'em? Won't you mount you Gospel horse an' ride round de souls of dese yere mourners, and say, 'Go in peace and sin no moreah?' Won't you be so pleased to come wid de love in one han, and de fan in de older han' to fan away doubts? Won't you be so pleased to shake dese yere souls over hell an' not let 'em fall in'?"

THE DEVILS HARVEST.—Carefully compiled statistics show that 60,000 lives are annually destroyed by intemperance in the United States.
100,000 men and women are yearly sent to prison in consequence of strong drink.
20,000 children are yearly sent to the poor house for the same reason.
300 murders are another of the yearly fruits of intemperance.
400 suicides follow in this fearful catalogue of miseries.
200,000 orphans are bequeathed each year to public and private charity.
\$200,000,000 are yearly expended to produce this sneaking amount of crime and misery, and as much more is lost from time wasted from the same cause.

MEDICAL.

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH.

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth over.

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it false.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloft, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

DR. MAGGIEL'S PILLS

Invariably Cure the following Diseases:

Asthma, Bowel Complaints, Coughs, Colds, Chest Diseases, Costiveness, Dyspepsia, Diarrhoea, Dropsy, Debility, Fever and Ague, Headache, Indigestion, Influenza, Inflammation, Inward Weakness, Liver Complaint, Lowness of Spirits, Ringworm, Rheumatism, Sick Diseases.

Notice.—None genuine without the engraved trademark around each pot or box, signed by DR. J. MAGGIEL, New York, to counterfeit which is felony.

Sold by all respectable Dealers in Medicines throughout the United States and Canada—at 25 cents per box or pot. jyl 12m

S. gold coin, to H. SEMI-WEEKLY ENQUIRER.

WEDNESDAY, FEBRUARY 13, 1867.

LUDICROUS-COMIC.—The Historic Association of Dutch Flat gave a public entertainment on Saturday evening last. The several parts in both pieces were well rendered; especially, as but little time had been given to preparation; and all were without professional experience in histrionic delineations. The best evidence of successful rendering, was in the frequent spontaneous outbursts of applause from the auditory, which attended the performance throughout. Notwithstanding the roomy-ness of the Theatre for so many, the rendering of the comic-sentimental songs, by Miss Sarah E. Phillips, was received with frequent manifestations of pleasure. The effort, however, is to be taken as indicative of musical powers in progress of development, which, when brought into full activity, under favorable circumstances, will achieve higher proficiency, and awaken purer emotions of pleasure in souls attuned to divine harmonies and melodies. It will not, we trust, be deemed inappropriate, and hope it may be acceptable, to state that, as with nearly all when first appearing before the public, there was, with perhaps one or two exceptions, far too great rapidity of utterance. Resulting necessarily, in diminishing the requisite volume of sound, in lack of deliberation, and to some extent of ease. Practice, inducing self-possession will obviate these temporary imperfections. In some instances when not rendering their parts the loud became for a moment abstracted, losing interest in the performance. All in all, the rendering was highly creditable, as well as entertaining. The Orator, Jerome B. Clark, aided by the American Eagle soared through all the heights and depths of demonstrative oratory. At one time attaining such unprecedented height as to quite disappear from view, causing a momentary chill to steal over the audience, through the possibility of his having passed away into the planetary spaces. But the American Eagle, majestic bird! true to his sublime mission, came towing him back, in graceful majestic sweeps, when he once more alighted on the stage "right side up with care." The alliance is not easily broken; may it long continue to bless the Republic.

The subscription books of the Dutch Flat, Little York and You Bet wagon road are now open at the Express office where they will remain for a time prior to the permanent organization of the company. We would suggest the importance of our citizens, who have not, but intend doing so to subscribe without further delay. Spoken to the amount of \$2,900 has been taken by our citizens, and we are informed by the Secretary of the company, the Railroad company will give a thousand towards the completion of the road. With this amount but a small sum more would be needed to build a first class road over the route surveyed. We may now say that the construction of this road is certain, notwithstanding the efforts of the Placer Herald to throw cold water upon it. In fact we rather think the unequalled interference of that immensely influential sheet has aided in the work, as our people oppose what it advocates upon general principles, and have this far found themselves right.

LYCEUM LECTURES.—We notice posters are out around town announcing the Hon. Newton Booth to lecture at the Union Church on Friday evening next. We alluded to this matter in our last issue, and now can assure those who would relish an eloquent, well delivered, classical lecture, that an opportunity for doing so will be presented the day after tomorrow. As this is but the beginning of a series of lectures to be delivered before the Lyceum, we can but congratulate our citizens upon the feast in preparation for them. The admission fee has been placed at a figure sufficiently low to enable all to attend, and as the proceeds, after deducting the legitimate expenses, are to be devoted to patriotic and benevolent objects we hope our people generally will attend. Tickets for the single lecture, or the entire course may be obtained at the Express office or the Postoffice depot.

CONCERT.—The ladies and youth of Gulp Run will give a vocal concert and exhibition at that place tomorrow evening, the proceeds to be devoted to building a substantial fence around their grave yard. The talent to be employed on the occasion being of the first order and the object most praiseworthy, the people generally will doubtless turn out. The citizens of our sister town always act in unison in all matters pertaining to any project calculated either to improve or benefit their already beautiful mountain home. This furnishes the reason why every thing they undertake invariably proves a success.

The rates for board and lodging in this place at present are from \$3 to \$10. Why living is thus high we cannot imagine.

Thirty-five deaths occurred at San Francisco last week.

NOT THIS!—The people don't know that Strong & Bailey are selling Kerosene at 90c. per gallon. But it's so.

AMERICAN ENTERPRISE.—Among the items of telegraphic news, it is stated that the government of the Island of Borneo, situated in the Malay Archipelago, has granted to Americans, under the name of the "American Trading Company," the entire northern part of the Island, together with three adjacent islands. This Island lies immediately south of the Equator, and a little west of south of China. It is next in size to Australia, having a sea coast of 3,000 miles in extent. It is rich in minerals, yielding iron, antimony, gold, diamonds, benzoin, sago, camphor, spices, besides valuable timber. The antimony found in the northwestern part is inexhaustible, being sufficient to supply the demands of commerce. The Dutch traded with the natives in the seventeenth century. The English took it at the present time amounts to \$2,000,000. The scheme is said to have been originated by Boston merchants, having in view the China or Asiatic trade by way of San Francisco. The grant confers jurisdiction over the natives, giving absolute control of the ceded territory. The grant is of importance to our government, securing a site for a naval station and furnishing greatly increased facilities for the growing East India trade. Our government for some time has been engaged in obtaining a transfer of one of the Islands of the West Indies for a naval station, and the general purposes of commerce. F. W. Seward, acting Secretary of State, has recently returned from a secret mission in that direction, and it is said has made a purchase of the Island of St. Thomas. Our vast and growing commerce with the states and countries bordering on the Gulf, as also on the Pacific, render the acquisition of some Island or territory in the West Indies of vast importance to the present and future of the Republic, and not to be postponed longer than the unavoidable delays of active negotiations may require.

Mr. Enquirer.—One of the most notable occurrences in our town last week was the entertainment given by the "Dutch Flat Amateur Dramatists," at the Theatre on the evening of the 9th inst. Public expectation—long at high—in regard to this gifted Association culminated on that instant in a rush to the scene of the entertainment, and being myself possessed of the usual amount of human curiosity, I joined the hurrying throng, and became a spectator of those interesting performances. The assemblage at the Theatre was indeed grand, not a chair, bench, or spot to stand upon, being left unoccupied, fully three hundred persons being present, reflecting at a glance the beauty, chivalry, wealth, business capacity and yeomanry of the place. Also, a noticeable and not-to-be-omitted feature, was the presence of a great many seldom-to-be-seen-at-such-places personages, sanctimonious people, matter-of-fact husbands with matter-of-fact wives with matter-of-fact babies, staid, sober, never-expect-to-do-it bachelors, beau-less and never-thought-of-such-a-thing maids, snarling cynics, unamiable roughs, troops of half-bred children in half-civilized gala dress and wild with untutored delight. In fine, a most remarkable audience, comprising a complete epitome of the joys and sorrows, the feathery and rags of Dutch Flat, a vast concourse of natives, so to speak, congregated to see what things fellow-natives could do in the way of strutting the stage, and who could not have been thus convened by a visit of the finest star troupe of professionals from the East, nor induced through any other consideration than that of witnessing the performance of "Family Jars" and "Turn Him Out," by the "Dutch Flat Amateur Dramatists."

The performances were opened, graced and enlivened throughout by Instrumental Oboes, by the musical experts Messrs. Austin, Montplaisir and Glascock, whose long musical connection with the Dutch Flat public renders it superfluous to remark upon the melodious order of strains produced by their masterly bowings and inimitable strummings. The admirably chosen comedy of "Family Jars" was rendered in a degree of dramatic excellence which would have surprised professionals, evidencing in cast of characters, disposition of groups and figures, pitch of voice, play of features, proper attitudes and correct gesticulation, a finely discriminative talent and skillful trainer completely acquainted with the personal characteristics of the performers, and rejoicing in a thorough knowledge of stage business and theatricals in general, some where in the background, and careful study and thorough devotion on the part of the troupe at large. After which the comical farce of "Turn Him Out" was produced, again evidencing, by finished and superior acting, the same careful supervision of a guiding star, and a brilliant future for the members of the troupe. The performances were happily and appropriately closed by a Celestial concert by the "Seong Heong Minstrels," a little pleasantly felicitously conceived and beautifully executed by the versatile members of the band, when, amid ringing plaudits and the crash of the orchestra, the curtain descended, the public arose and delightedly withdrew to their homes.

RUNNING.—The water from the big reservoir was turned into the big pipe on Monday last again and a pearls all right. Two companies are now at work and it is confidently expected, that all those who are dependent upon this pipe will be able to commence operation in a short time.

A NARROW ESCAPE.—On Wednesday of last week, says the Calaveras Chronicle, during the prevalence of the snow-storm, a large frame building at Railroad Flat, occupied by Madame Lillharagney and family, was suddenly broken down by the weight of snow on the roof, burying beneath its ruins six persons who happened to be in it at the time; but strange to say all escaped without serious injury. Madame Lillharagney and her three children, Frank, Benjamin and Reid Reynolds were in the house sitting by the stove, when the roof came down with a sudden crash. The madame and her oldest child, a girl of twelve years, made a rush for the door but were caught beneath the falling timbers. The men had the presence of mind to seize the two smallest children and drag them under a large table which shielded them from the weight of the timbers. A number of men who occupied the adjoining houses, rushed to the rescue, and soon succeeded in digging them from beneath the snowy encumbrance more scared than hurt.

MEDICAL.
FRENCH MEDICAL OFFICE.

DR. JULIEN PEREAULT, Doctor of Medicine of the
Faculty of Paris, Graduate of the University Queen's
College, and Physician of the St. John Baptiste
Hospital of San Francisco.

Dr. PEREAULT has pleasure to inform patients,
that he can be consulted daily at his office, Army Hill
Building, North-East corner Montgomery and Sacra-
mento streets, San Francisco. Rooms No. 9, 10,
11, first floor, upstairs entrance either Montgomery
or Sacramento streets.

Dr. PEREAULT's studies have been almost exclu-
sively devoted to the cure of the various forms of
Nervous and Physical Debility, the results of inju-
rious habits acquired in youth, which usually termi-
nate in Impotence and sterility, and permanent ly-
advice all the concomitants of old age. Where a
secret infirmity exists involving the happiness of a
life and that of others, reason and morality dictate
the necessity of its removal, for it is a fact that pre-
mature decline of the vigor of manhood, matrimon-
ial unhappiness, compulsory single life, etc., have
in early life, and the bitter fruit tasted long after-
ward; patients, laboring under this complaint, will
complain of one or more of the following symptoms:
Nocturnal Emissions, Pains in the Back and Head,
Weakness of Memory and Sight, Discharge from the
Urethra on going to stool or making water, the Intel-
lectual Faculties are Weakened, Loss of Memory
increases, Ideas are clouded and there is a disinclina-
tion to attend to business, or even to reading, writ-
ing or the society of friends, etc. The patient will
probably complain of Dizziness, Vertigo, and the
Sight and Hearing are Weakened and sleep disturbed
by dreams, melancholy, sighing, palpitations,
faintings, coughs and slow fever; while some have
external rheumatic pain, and numbness of the body.
Some of the most common symptoms are pimples in
the face and itching in different parts of the body.
Patients suffering from this disease, should apply
immediately to Dr. PEREAULT, either in person or
by letter, as he will guarantee a cure of Seminal
Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any
stage (Gonorrhea, Gleet, Strictures, Bubo Ulcers,
Cutaneous Eruptions, etc.), will be treated success-
fully. All Syphilitic and Mercurial Taints entirely
removed from the system.

Dr. PEREAULT's diploma is in his office, where
patients can see for themselves that they are under
the care of a regularly educated practitioner. The
best references given if required.

Patients suffering under chronic diseases, can call
and examine for themselves. We invite investiga-
tion, claim not to know everything, nor to cure ev-
erything, but we do claim that in all cases taken un-
der treatment we fulfill our promises. We particu-
larly request those who have tried this honest doc-
tor, and that advertised physician, till worn out and
discouraged, to call upon us.

Low charges and quick cures.
Ladies suffering from any complaint incidental to
sex, can consult the doctor, with the assurance
of relief.

Female Monthly Pills.

Dr. PEREAULT is the only agent in California for
Dr. Bior's Female Monthly Pills. Their immense
sale has established their reputation as a female re-
medy, unapproached, and far in advance of every
other remedy for suppressions and irregularities,
and other obstructions in females. On the receipt
of five dollars, these Pills will be sent by mail or
express to any part of the world, secure from curi-
osity or damage.

Persons at a distance can be cured at home, by
addressing a letter to Dr. PEREAULT, corner of Sa-
cramento and Montgomery streets, Rooms, 10 and
11, or Box 973, P. O., San Francisco, stating the case
as minutely as possible, general habits of living,
menstruation, etc., etc.

MEDICAL.
DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Evaporator of Special complaints, form-
erly of Locke Hospital, London, Eight Years in
Sacramento, and the last Four Years in San Fran-
cisco.

DR. TOZER'S
Experience is of forty years' standing, and during
that time he has met with unparalleled success in
the treatment of all those diseases generally known as
Venereal or Chronic.

It is impossible here to mention all the diseases
with which he is familiar; some, perhaps, will not
be out of place. The most formidable, the most de-
structive to mankind is Self-Abuse. The brain be-
ing the seat of the disease, the system suffers
in consequence, I will here enumerate some of the
symptoms, so that those afflicted may be able to form
an opinion in regard to their complaints and seek
advice in time, thereby saving themselves a world of
suffering. Nervous Debility, Loss of Memory, Pain
in the Limbs and Back, Palpitation of the Heart,
Trembling of the Limbs, Headache and an aversion
to society, especially that of females. There are
a great many more, but these are sufficient, and
should you be suffering from any of them, call on Dr.
TOZER, and he will cure you in a short time. With-
out any interruption to your business—state your
case by letter, and there will be no occasion for your
calling at the office.

Stricture of the Urethra
is another form of Self-Abuse, and is a great source of
suffering to those afflicted with it, and is a source of
its terrible results. The worst cases cured in a
few days.

Veneral Diseases.
In all their various forms, either Primary, Second-
ary or Hereditary, completely eradicated from the
system. Your country being restored to perfect
health, there will be no danger of handing down to
your children that terrible disease known as Scrofula.

Syphilitic Disease.
As it presents itself on this coast, is of a more for-
midable character than that seen in the Atlantic
States or Europe, arising from the fact of its being
a compound of Spanish, Chinese and Sandwich Is-
land disease. Those of you who have visited the most
countries no doubt have seen the dreadful effects of
it on the native and foreign population. It requires
altogether different modes of treatment.

The Old Formulas.
Of Rheumatism, Acute and Chronic, are of little avail,
except to dry up the disease on the surface, leaving
the poison in the blood, which, sooner or later, will
show itself as a secondary disease in an aggravated
form. These facts I have learned by experience, and
think I can say without boasting, that I have seen
more practice in these diseases than any other
physician in San Francisco, dating as it does, from
1841. It becomes you, therefore, to think well before
you employ a physician. Who is the proper one
to consult? An old experienced one, or one who has
recently settled among you?

My plan is purely vegetable, destroying the dis-
ease and purifying the blood so that there is no dan-
ger of secondary symptoms.

Rheumatism, Neuralgia,
And diseases arising from the use of Mercury, such
as pains in the skin bones, swellings of the differ-
ent joints of the body, running sores, etc., and in-
flamed joints of the body, cured in a short time by the
use of my VEGETABLE MIXTURE, known only to myself.

Seminal Weakness.
Should you be afflicted with any of the following
symptoms, such as weakness of the Back and Limbs,
Pain in the Head, Dimness of Vision, Run-outness
and General Debility, Loss of Memory, Confusion
of Ideas, and Depression of Spirits, Evil Forebod-
ing, Self-distrust, and an aversion to society, consult
DR. TOZER at once, and he will restore you to per-
fect health.

To Females.
When you are afflicted with Weakness of the Back
and Limbs, Head, Loss of Muscular Power, Palpita-
tion of the Heart, Irritability, Nervousness, Ex-
treme Urinary Difficulties, Derangement of the
Monthly Sickness, Sterility, and all the ills which
attend to females, consult DR. TOZER, and you will
receive particular attention. Let no false delicacy
prevent you, but apply at once, and save yourself
from painful suffering and premature death.

My rooms are so arranged that there is no danger
of exposure, and of meeting any one save the Doctor.
My FEMALE MONTHLY PILLS were
known to fall in giving relief to those who have
used them. To be obtained only at my
office.

Price, FIVE DOLLARS—with full directions on
each box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the
country, however distant, who may desire the opin-
ion and advice of DR. TOZER, can, by submitting a
written statement of their case, to the Editor, receive
all the attention and medicines necessary to effect a
cure without the necessity of a personal interview.
All letters strictly confidential, opened and replied
to by the Doctor.

Consultation at the office or by letter, FREE.
Cures in all cases guaranteed.
Office hours from 9 A. M. to 5 P. M.

DR. CHAS. H. TOZER'S INSTITUTE,

dressed to
DR. CHAS. H. TOZER,
San Francisco, Cal.

A Grateful Acknowledgment to Skill-
ful Gentlemen.

Dr. Chas. H. Tozer.—Dear Sir: You will excuse
me writing to you, as I am a patient of yours, and
remember me to the dear friend who called on you for
assistance about a year ago. The roof of my mouth
had completely rotted out, and my palate dropped
and the remaining stopping up the passage so that
I could hardly eat. You remember you cut it out at
once, which relieved me immediately, and I was
enabled to swallow my food, and in a short time I
can to improve. I took your medicine, and followed
your directions for several months. You finally suc-
ceeded in stopping the disease, saving my nose
and upper lip, though you frequently cautioned me
about losing it. I continued to improve until you
finally recommended me to go into the country, and
before going, by your advice, I could have a plate made
for me to enable me to speak so as to be understood,
and am now using it. My eternal thanks are due to
you for the perseverance and skill that you dis-
played in my case; and I have to thank you for my
restored health, and even my life, as I was very
near bleeding to death several times from the nose.
I am now in Sacramento, Cal., enjoying good health,
and I shall recommend all my friends to call on you
should they be so unfortunate as to require assis-
tance; and I would advise all persons to avoid cer-
tain scientific doctors in your city, for they will
send them to a land from whence no traveler re-
turns.

With my best wishes for the success of both of
you, I remain, yours, etc.
To Dr. Chas. H. Tozer, San Francisco, Cal.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the
Pacific Mail Steamship Company's Office. Private
entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and
scientific medical aid in the treatment and cure of
all Private and Chronic Diseases, cases of Sec-
recy and all Sexual Disorders.

TO THE AFFLICTED.

Dr. W. K. DOHERTY returns his sincere thanks
to the numerous patients who for their patronage,
and would take this opportunity to remind them that
he continues to consult at his Institute for the cure
of chronic diseases of the Lungs, Liver, Kidneys,
Digestive and Genito-Urinary Organs, and all ven-
ereal diseases, viz: Syphilis in all its forms and
stages, Seminal Weakness, and all the horrid con-
sequences of self-abuse, Gonorrhea, Gleet, Stric-
tures, Neuritis and Diurnal emissions, Sexual
debility, Diseases of the Back and Limbs, Inflam-
mation of the Bladder and Kidneys, etc., etc., and
he has, that his long experience and successful
practice will continue to enable him to share of pub-
lic patronage. By the practice of many years in Eu-
rope and the United States, he is enabled to apply
the most efficient and successful remedies against
all the above diseases, and he uses no mercury, charges
moderate, treats his patients in a correct and hon-
orable way, and has references from men of knowl-
edge and high standing in society. All
patients consulting him by letter or otherwise, will
receive the best and gentlest treatment, and im-
prove rapidly.

Dr. DOHERTY would call attention to the follow-
ing certificates from two of his patients, who have
fully recovered their health, desire to make
known their remedial success. It will be seen that
his patients are fully authenticated by a Notary
Public.

The welfare of society imperiously demands their
publicity and they are given more to warn the many
than to praise the few. The praise of a Physician, of whom
hundreds of like cases can be cited during a prac-
tice of more than fifteen years.

Dr. DOHERTY—Dear Sir: I feel my health so fully
restored, that in common gratitude, I believe I
should make you some written acknowledgment for
your valuable services—particularly as your fea-
tures stand for the work performed.

I arrived in this city from the East about one year
ago, and was then suffering from an old case of
Gleet, complicated with Stricture. Being a stran-
ger in this city, and believing those Doctors who
gave such positive assurances of success were nec-
essarily the best, (some of whom have since been
found to be swindlers and impostors), I placed myself
under their treatment until I had nearly
lost all hope and a considerable sum of money.

I wish to say now that you are the only one that has
ever done me any service. My Gleet is wholly cured, the
Stricture is all removed, and my general health is
restored. I have been employed by the most impor-
tant of this city, and believing those Doctors who
gave such positive assurances of success were nec-
essarily the best, (some of whom have since been
found to be swindlers and impostors), I placed myself
under their treatment until I had nearly
lost all hope and a considerable sum of money.

I would also add that in the early stage of my
disease I used a large amount of the preparations
advised as an infallible cure for Gonorrhea, Gleet,
etc., but never derived any benefit from them.

I am, Doctor, very truly yours

Seminal Weakness—A Sworn-to Certificate of a
most Remarkable Cure of Spermatorrhea.

A desire to benefit humanity, and a feeling of
gratitude to Dr. W. K. DOHERTY, induce me to
make a public statement. For many years I have
been afflicted with that fearful disease known as
"Spermatorrhea," or Seminal Weakness, the result
of self-abuse, but till 1855 experienced but little
relief or inconvenience. In that year however, I
had Seminal Weakness to an alarming extent,
which was soon followed by the most alarming
symptoms as weakness of the back and limbs, pain
in the head, dimness of vision, nervousness and
general debility. My mind, too, was afflicted
such an extent as to seriously impair my mem-
ory. I was unable to perform my duties, and I
was averse to society, had evil forebodings and self-
distrust, and was entirely unfitted for any of the
duties of life. From 1855 to the summer of 1857, I
employed the very best medical talent I could find,
and spent several hundred dollars, but in no in-
stance obtained more than temporary relief. I had
about concluded there was no relief for me in this
world, but seeing Dr. DOHERTY's advertisement, I
thought I would call and see him, as he changed
nothing for consultation. I had an interview with
Dr. DOHERTY at his office, in Sacramento street, and
his fee for treatment was so reasonable, I deter-
mined to try him, though I did not expect much
benefit from his treatment. On the 5th of Decem-
ber last I placed myself under his care; in one week
I found myself very much improved, and, now,
after five weeks' treatment, I feel myself thoroughly
cured of all my troubles, and in the enjoyment of
the best health. Hoping that my experience may
be of benefit to others similarly afflicted, I sub-
scribe myself
Subscribed and sworn to before me, this 15th day
of January, A. D. 1864.
[L. S.] A. G. RANDALL, Notary Public.

To Females.
When a female is in trouble, or afflicted with
diseases as weakness of the back and limbs, pain in
the head, dimness of vision, nervousness, ex-
treme urinary difficulties, derangement of diges-
tive functions, general debility, vaginitis, all dis-
eases of the womb, hysteria, sterility, and all other
diseases peculiar to females, they should go or write
to the celebrated female doctor, W. K. DOHERTY,
at his Medical Institute, and consult him about
their troubles and disease. The Doctor is effecting
more cures than any other physician in the State
of California. Let no false delicacy prevent you,
but apply immediately and save yourself from
painful sufferings and premature death. All Mar-
ried Ladies whose delicate health or other circum-
stances prevent an increase in their families should
write or call at Dr. W. K. DOHERTY's Medical In-
stitute, and they will receive every possible relief
and help. The Doctor's offices are so arranged
that he can be consulted without fear of observation.

To Correspondents.
Patients residing in any part of the State, how-
ever distant, who may desire the opinion and ad-
vice of Dr. DOHERTY on their respective cases, and
who think proper to submit a written statement of
such, in preference to holding a personal inter-
view, are respectfully assured that their communi-
cations will be held most sacred. Dr. DOHERTY
takes this opportunity of observing, that all letters
are only opened and replied to by himself, and the
latest as promptly as possible.

If the case be fully and candidly described, per-
sonal communication will be superseded, as in-
structions for diet, regimen, and the general treat-
ment of the case (including the remedies), will be
forwarded without delay, and in such a manner as
to convey no purport of the letter or parcel so trans-
mitted. Consultation at the office free. Per-
manent cure guaranteed or no pay. Address,
W. K. DOHERTY, M. D.,
San Francisco, California.

THIS CELEBRATED INSTITUTE
has enjoyed on this coast an uninterrupted success
of fourteen years, and has become one of the re-
nowned Hospitals of the age. What the celebrated
Lock Hospital is to London, and the no less re-
nowned establishment of Ricord is to Paris, this Institute
has become to the Pacific coast. The thousands
annually received and cured place it in point of
numbers of patients among the very first of the world
and the success of its treatment ranks it second to
none.
